7.0 Quality Policy Statement

Woodbine Tool and Die is committed to meet the customer requirements by supplying defect free products on time, at competitive prices.

To achieve these goals, Woodbine Tool & Die shall:

- Communicate the quality policy throughout the organization and ensure that it is understood.
- Embrace the management system standard.
- Cultivate a relationship that encourages and motivates employees in the pursuit of continual improvement.
- Audit the management system regularly and apply actions to continually improve its effectiveness with emphasis on customer satisfaction.
- Define measurable quality objectives and commit to continually improve them.

8.0 Quality Objectives

- 8.1.** Foster an atmosphere where all employees work together in the pursuit of continual improvement.
- 8.2.** Continual improvement of delivery performance.
- 8.3.** Continual reduction of customer parts per Million (PPM) defects.
- 8.4.** Support the Quality Management System through regularly review and analysis of key process indicators.
